**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I need this internet provider as the larger corporations like Comcast and AT&T have provided subpar services to me and my family for years. Without competition between these 2 brands the internet services provided will be fought between two large monopolies that've proven to be both untrustworthy and unwelcoming to its users.

Without local broadband providers, I would not be able to write this letter to you as I cannot afford the services provided by the two large internet conglomerates. Please support competitive providers, without them, many Americans will be without internet.
